

CURRICULUM VITAE

Dr Hani Shehadeh Obeid is a professor of electrical engineering at Applied Sciences University, Amman – Jordan. He obtained his M.Sc. and PhD degrees in Power Systems and Networks from Leningrad Polytechnic Institute (St. Petersburg Technical State University) in 1974 and 1980 respectively. He is a Senior Member/IEEE, registered as P. Eng. in Jordan and at Arab Engineering Association. He was a Director of renewable energy center at university.

Prof. Obeid has 8 technical engineering books, published more than 30 scientific papers in power system engineering. He was an Editorial-in-Chief for ACEEE journal on electrical and power engineering, he is a member of several technical committees at JEA and university, a member of editorial board of Jordanian Journal for Applied Sciences, member of scientific research committee, member of consulting and studies center at Applied Sciences University. Prof. Obeid is a member of Scientific Research Fund/Engineering and nanotechnology at the Ministry of Higher Education.

Prof. Obeid chaired Electrical and Computer Department and established the Power and Control section at the department. He chaired several sessions at International Engineering Conferences.

Prof. Obeid has an extensive experience in the design of electrical networks for hospitals, industrial and commercial projects.

Prof. Obeid supervised two PhD thesis, and one MSc thesis.
